

Drift Beach Dubai unveils new pool at its private beach cabana

The classy private pool to ensure that social distancing is done right

With an uncanny ability to read us like we were made out of tea leaves, the clever folk at **Drift Beach Dubai** have introduced a private new pool option to its already stacked private beach cabana offerings. Restricted to just ten guests at the time, the pool is an additional offering to private beach cabana area that is already elusively tucked away from the rest of the beach club.

Hosting a max of ten guests (AED5,000 for weekdays, AED7,500 for weekend), the beach cabanas offer guests access to all of Drift Beach's facilities, including the pool, beach and restaurant – ideal for premium beachgoers wanting to guarantee a bit of social distance. Plus, it also helps that guests can also order from the club's rather special 'Provençal' menu with dishes such as Le Carpaccio de Boeuf, Pizzetta Truffe Noire and Les Tagliatelles Aux Homards, all accompanied by a glass of bro-sé.
